BORDER CROSSING
SERVICES**

THE LANDSTAR ADVANTAGE

Our flexibility is your advantage. Landstar's wide array of equipment, capability and geographic coverage enables you to ship your product anywhere in Mexico, the United States and Canada.

ONE CALL

One phone call to your independent Landstar agent, and you have the individual, customized service of a small business with access to one of North America's largest transportation capacity providers. With 17,000 pieces of trailing equipment and more than 66,000 third-party capacity providers, we have the equipment and expertise to handle your most complex challenge.

MEXICAN BORDER CROSSING SERVICES

Landstar has arranged service into and out of Mexico for more than 20 years, moving more than 130,000 loads annually through 11 gateways. Landstar also offers intra-Mexico freight management services utilizing its service centers located in Mexico City, Guadalajara, Monterrey and Chihuahua. The combination of these service offerings allows Landstar to seamlessly serve the needs of customers throughout North America.
